* HomeBound buildings

- Double check that your HomeBound buildings are setup
- Run your daycodes and bell times if they have not already been run – District > Calendar > Setup Daycode
- You will need to manually add daycodes and bell times to past days, if it is not setup yet by going to District > Calendar > and changing the drop down to School Days, then Assign Bell Time and choose each day individually
- Contact us to help if needed

Progress Reports Tips

Grade Reporting for Progress Reports is coming up soon

Tip - if a teacher says that grades are not calculating correctly, check dates in the gradebook - Progress Reports calculate based on dates - you may have to go back into the previous MP to look at dates

New Regents Assessments

Make sure that you are changing the course codes for the new assessments

Earth and Space Science
(replacing Earth Science)

NCES Code 900

State Course Code 03008

Life Science / Biology
(replacing Living Environment)

NCES Code 159

State Course Code 03050

Grade Reporting

Previously recorded Webinars for Progress Reports and Report Cards to refresh your memory

Shortened Sessions

If it applies to the whole district, choose District Level and check the grade levels.

If it applies to only some buildings, then choose School Level and pick the schools from the list.

Make sure you choose the times you will be in school.

You should have an adjusted bell schedule - contact us and we can help create that for you
