Join by phone +1-408-418-9388 United States Toll (Access code: 2624 671 1857)

### Important Update:

<https://forms.wnyric.org/eSD-forms/2022-23-School-Setup>

Due to the affect that school setup has on other setups in the system for the school year, there may be a charge incurred for any school setup changes that are requested after the initial setup. This includes changes in daycodes, number of semesters, or changes to what information is copied over from the previous year.

School Setup will only be completed by the eSchoolData Team after acknowledgment and submission of this [form](#). School Setup requests, along with any modifications, must be received by June 30, 2022. No further changes to School Setup will be done after this time. If a building does not submit a School Setup form by this date, then the setup will be copied over from the previous year, including copying over courses (but not sections), the same day pattern, and the same semester pattern as the 2021-22 School Year.

### Reminders:

**Snow Days:** Please reach out to the team if you need assistance updating your calendars due to school closings.

**Data Reminders:** January 7<sup>th</sup> is the deadline for poverty, free and reduced lunch, and UPK records. Your data will need to be uploaded by January 6<sup>th</sup>, 2022. If there are any changes, we will notify the DDC contacts.

**2022-23 Feeder Patterns:** Unless we hear from you otherwise (to run them earlier or not to run at all), feeder patterns will be run for districts the first week of February. This places the 2022-23 scheduling school and scheduling grade onto students.

**2022-23 Course Requests:** Before course requests can go in for the 2022-23 school year, school setup must be completed for the building where the courses are located, and also students must have a scheduling school and scheduling grade. Please contact us if you have any questions about either of these procedures at [eschooldatateam@e1b.org](mailto:eschooldatateam@e1b.org).

**MP2 Report Cards:** As a reminder, please run vertical averages for each marking period to date before running report cards. For MP2, first run the vertical averages for MP1 again, then run MP2's averages under Academic > Marking Period Totals.

### News:

[January Regents Exam Administration has been cancelled.](#)

**Scheduling Training and Workshops** will be held in February. More information to follow.

**June Regents:** Click [here](#) to see the tentative schedule for the June 2022 Regents Exams. Please keep in mind that this June will be the first administration of the new Regents Examination in United States History and Government (Framework). Please make sure to add your settings for this new assessment under Academic > Assessments > Assessments if you plan to show the scores on transcripts, on report cards, or on the Parent/Student Portals.
