 Wednesday, March 16, 2022 10:00 am | Meeting Number: 2621 980 0630 | Password: eSDMarch22  
 Join by phone +1-408-418-9388 United States Toll (Access code: 2621 980 0630)

**WNYRIC eSchoolData Spring User Meetings:** Please save-the-date(s) for both our local WNYRIC and regional eSchoolData Spring User Meetings! More information will follow.

<b>WNYRIC (Virtual)</b>	<b>May 10-11, 2022</b>
<b>Illuminate eSchoolData (Saratoga Springs)</b>	<b>May 18-19, 2022</b>

**Scheduling Season 2022-23 is Underway:** Thank you to everyone who joined our scheduling sessions! We will have the recordings available before our March Monthly Meeting. If you have additional scheduling questions or would like assistance seeing if a scheduling idea you have might be possible in eSchoolData, please email the team at [eSchoolDataTeam@e1b.org](mailto:eSchoolDataTeam@e1b.org).

**Updates:**

**eSD 9.7.0:** The latest version updates are now available! eSD Coordinators – please make sure to review the release notes sent out by Ashely Beyea, these will always be mailed out just prior to the new release. A few highlights:

- Registration – Guardian tab now has columns for primary email and number of students;
- Declassified Student Status – you can now set how long you would like this status to be visible;
- Discipline – incident ID is included in the discipline entry wizard report;
- Scheduling – Reports > Scheduling > Admin Reports, “Students who Require a Schedule Review” - will show students that may have gaps in their schedule based on day pattern;
- Health – Health Screening Reports updated to allow all students to be included on the report (including those without a screening for the selected type);
- Users can run closeouts for previous days within a date range with a single click.

We will review these new features and the permissions necessary for them at our March 16<sup>th</sup> Monthly Call!

**Reminders:**

**Scheduling:** Students must have a scheduling school and scheduling grade before course requests can be added, keep this in mind for students who transferred into your district after the feeder patterns were run in February. We are completing school setup for individual schools after we receive the [2022-23 School Setup Forms](#).

**Summer School Setup:** When you are ready, here is the form to submit for [2022 Summer School Setup](#).

**Scheduling tip:** If you are opening course requests for students through the portal, this should be done after the teacher requesting period has been closed. This will aid in preventing a duplication of course requests!

**On any given day, many of our team members are out in Districts for various trainings and meetings. As always, reach out to the entire team at [eschooldatateam@e1b.org](mailto:eschooldatateam@e1b.org) if you need immediate assistance, or contact the Help Desk at 716-821-7171 to get transferred directly to a team member who is available.**
