

eSchoolData October 2022 Newsletter

[eSchoolData Help Center Site](#)

[Teacher Connect Video Library](#)

Upcoming Events: Thank you to everyone who attended our first monthly training seminar on eSchoolData Basics in September! If you've been looking for ways to expand your eSD Knowledge, make sure to check out our upcoming training sessions we will be offering monthly, both locally and through the vendor.
(See next page for full listing of events)

 Our **October Monthly Meeting** on 10/12 will cover the newest releases (eSD 10.0/10.1/10.2). Please join us to cover highlights, tips and tricks, and to collaborate about best practices with other districts!

 eSchoolData's Daniel Gaffney and Jamie Savino will be hosting an **Attendance Training Event** on 10/21 for attendance clerks and administrators. See the flier attached to this newsletter to register.

 WNYRIC's Linda Mueller will be hosting a local **Attendance Training Overview** on 10/25/2022. We encourage all attendance personnel – especially newer clerks – to join both meetings if possible!

 Just in time for first marking period grading, mark your calendars to join Jennifer Dominguez for our annual **Fall Mark Reporting Overview** on 10/27. All new and returning mark reporters are invited!

Important Reminders:

Data Reporting: If you did not attend yesterday's DDC meeting, please register for one of the remaining webinar options (10/06 at 1pm or 10/12 at 10am). Please refer to the email Tim Johnson sent out on 8/24/2022 for more information. Thank you.

Report Cards: The former WNYRIC report card site has been retired. All progress reports and report cards should be run directly from the eSchoolData website (Reports > Grade Reporting). SBRC's (Standard Based Report Cards) should have final runs completed each marking period, then you will want to print the PDF for best formatting. If you had SBRC's revised, please review and confirm the changes being sent!

Grade Entry: All elementary level teachers with learning standards will need to remember to click "post" to unlock their cells when grade entry opens. This is done every marking period for every class.

NYS Testing Results: Many districts have been asking about how to post 3-8 ELA test results for parents, rather than having to print and mail them. While eSchoolData does not include this functionality, WNYRIC offers a separate service called **Portfolio+** (formerly webEDGE) that allows districts to securely post test results with a link in your parent portal. If your district is interested in a quote for this service, please email eSchoolDataTeam@e1b.org.

Today (October 5, 2022) is BEDS Day!

eSchoolData Fall/Early Winter Meetings by WNYRIC

eSchoolData Monthly Meeting: October

(hosted by WNYRIC eSchoolData Team)

Wednesday, October 12, 2022

10:00AM – 11:00AM

Register: <https://www.mylearningplan.com/WebReg/ActivityProfile.asp?l=4247314&D=19584>

Join: <https://e1b.webex.com/e1b/j.php?MTID=mdc7b98d41f95a071ca96d6661322d2b0>

Password: WNYRIC Access Code: 2624 859 2260

**Please note that the join link has changed since the September Newsletter, registration link remains the same.*
