May 2023

WNYRIC eSchoolData Monthly Newsletter

https://www.wnyric.org/en/student-information/eschooldata.aspx

Upcoming Events:

We are currently trying out a new way to register for events directly through Cisco WebEx. We hope the process helps to organize the events by getting the event invitations directly to you right away after registration to add to your calendars. Let us know if you have any questions or concerns on this new registration process. ***Updated Registration Links Below***

Monthly Meeting	**Wednesday 05/17/2023 @ 10:00 AM**	**Monthly Meeting Registration**
EOY Mark Reporting	**Thursday, 05/18/2023 @ 9:00 AM**	**Mark Reporting Registration**

2023 EOY Mark Reporting Session (Virtual):

We are having our annual End-of-the-Year Mark Reporting seminar virtually again this year. Whether you are an eSD expert or new to our student management system, please plan to join us on Thursday, May 18, 2023 from 9:00AM – 11:00AM as we review course settings, averaging formulas, class rank and more with our WNYRIC districts.

Updates:

eSD 10.8: Major highlights for this release include a Declassified Student Search to easily identify students exited from their special education status with the "Declassified" reason, and allowing districts to modify comments entered on transferred students. If you have a chance, check out this short, two minute Build Overview 10.8 video on YouTube.

Have you seen this new report? Reports > Enrollment > Administrative Reports > Inactive or Deleted Households with Active Students. Make sure that households are active or they won't get correspondence!

Reminders:

SBRC Deadline Approaching: Please make sure all of your changes for the 2023-24 Standard Based Report Card (SBRC) changes are submitted by email no later than Thursday, June 1, 2023.

Attendance: If you are adjusting a student's enrollment, please be sure to check for any future attendance data (or other attendance data outside of enrollment dates) by looking at the report under Reports > Enrollment > Enrollment Exceptions, tab "Attendance Data Exceptions".

CTE: Please make sure that all BOCES centers are working on entering program facts for students, reach out to our team if you need assistance. A special thanks to thank Carly Graczyk and Rebecca Koyn for meeting with our BOCES centers recently and reviewing this important information!

Summer School: Are you ready to get your courses and registrations in place for your 2023 Summer School? Please complete the following form and your setup will be completed!
https://forms.wnyric.org/eSD-forms/2023-Summer-School-Setup-Request

Scheduling: Please continue to update scheduling school and year as new students are enrolled or if specific scenarios require editing. All school setup forms – including for elementary buildings - should be completed no later than June 30, 2023.   https://forms.wnyric.org/eSD-forms/2023-24-School-Setup

Calendar Setup 2023-24: Attached to the newsletter, you will find a copy of the MP Spec Form that we used to have districts return to us to setup school calendars. Please use this as needed as a guide while you are setting up your 2023-24 school calendars, which can be done at district level at any time and can be done for buildings as soon as school setup is complete. For assistance entering events or daycodes, reach out to eSchoolDataTeam@e1b.org.

**As always, for best service reach out to our entire eSchoolData team at eSchoolDataTeam@e1b.org
with any questions, concerns, or comments.**
